

Clinical IS Update

Topic: Clinical Trial Identification in PowerChart
Facility: IU Health Facilities
Audience: Clinical Staff

Effective Date
 October 1, 2018

Contact
 IS Research Team
clinicalresearchsystems@iuhealth.org

Overview: Patients who are enrolled in research trials will be identified on the Demographics Bar in PowerChart. Additional contact information can be accessed by clicking on the Clinical Trial link to open the clinical research page.

Access Contact Information

The Clinical Trial indicator is now a permanent part of the demographics banner bar in PowerChart. It is located in the center of the demographics banner bar as shown below. The 3 possible statuses are defined below:

- Clinical Trial: <No Data Available>..... Never enrolled in a clinical trial in PowerTrials
- Clinical Trial: On Study..... Currently enrolled (on study) in a clinical trial in PowerTrials
- Clinical Trial: Off Study Currently off study for all clinical trials in PowerTrials

The Clinical Trial indicator is a hyperlink to the Clinical Research page where it is easy to access study contact information.

Step	Action
<p>1</p> <p>Clinical Trial Link</p>	<p>Click the Clinical Trial link.</p>  <p>The Clinical Research page displays and the “Clinical Trial/Study Enrollment History for Patient” pane displays a list of protocols that the patient is or has been enrolled in.</p>
<p>2</p> <p>Clinical Research Page and Contact Info</p>	<p>Click the link under the Contact Info.</p>  <p>The Contact Information window displays contact information for study personnel.</p>

Access Clinical Notes

Research Recruitment Clinical Note

Per IU Health *Clinical Research Recruitment Policy Number ADM 2.19*, when recruiting IU Health patients as potential human research subjects a clinical note will be filed within the **Research/Clinical Trials Records** folder of the patient's electronic medical record (EMR) and will include the following information-

- Full Study Title
- Sponsor
- Sponsor Protocol Number
- NCT number (if applicable)*
- Investigational Review Board (IRB) Number
- Principal Investigator's Name

*Additional information about the study can be obtained about protocols with NCT numbers by accessing the *Clinical Trials.gov* website at <https://clinicaltrials.gov>

This note can be found under the Interdisciplinary/Nursing Notes folder in a sub-folder called Research/Clinical Trials Records.
