

**Topic:** Research Viewpoint

**Facility:** IU Health

**Audience:** Research Coordinators

**What:** Reviews Research Viewpoint for Research Coordinators.

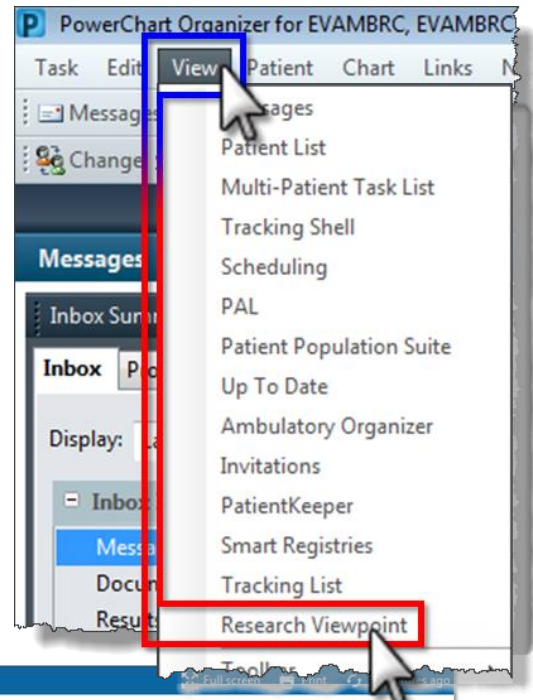

**Why:** Provides access for Research Coordinators to review protocol and subject information directly in PowerChart.

## Access Research Viewpoint

Research Viewpoint is available to Cerner users in research positions by selecting **Research Viewpoint** from the **View** Menu in PowerChart.

## Research Viewpoint Columns

- A** Protocol Mnemonic (Protocol No.)
- B** Date Activated (Open to Accrual Date)
- C** Status - Current status
- D** Protocol Alias - NCT number and IRB number
- E** Principal Investigator
- F** Protocol Contacts (PowerTrials Study Contacts(s))
- G** Primary Sponsor (not used in PowerTrials)

## View/Search Options

**Research Viewpoint** shows only protocols that a researcher has access to.

- A** If you do not see your protocols listed, verify the following filters:
  - i. **Initiating Service** (your research folder) = **All Protocols** and
  - ii. **Protocol Status** = **Any**
- B** **Search** (only searches current screen)
- C** Use the **View** drop-down menu (  ) to select which columns to set as:
  - i. **Viewable** (  ), or
  - ii. **Disabled** (  )

## Additional Viewing Options

Some fields have more information available if you click on the field. Remember that all information originates in OnCore. If some of the information is not correct, please update **OnCore** and push the protocol update across using the RPE.

- Under **Protocol Alias** - NCT and IRB numbers can be viewed by clicking on the **Protocol Alias** field.
- Under **Protocol Contacts** - Contact information is populated by Cerner for anyone in the PowerTrials Study Contact position. *If information is missing, please email updates to [cyacone@iuhealth.org](mailto:cyacone@iuhealth.org).*
